

Beam Placement for North Interchange Bridge at 500 East in American Fork

NORTHBOUND I-15: OCTOBER 14

Northbound Interstate 15 will be closed at 500 East in American Fork from 11 p.m. to 5:30 a.m. while crews place bridge beams (girders) for the north bridge of the new 500 East DDI. Lane restrictions will begin at 9 p.m. All freeway traffic will be diverted through the on- and off-ramps. The 500 East bridge over I-15 will also be closed during this time. Motorists can use 100 East or 300 West in American Fork or Pleasant Grove Boulevard for north-south access.

SOUTHBOUND I-15: OCTOBER 15

Southbound I-15 will be closed from American Fork Main Street to Pleasant Grove Blvd. from 11 p.m. to 5:30 a.m. while crews place bridge beams (girders) for the north bridge of the new 500 East DDI. Lane restrictions will begin at 10 p.m. Motorists traveling south on I-15 will be diverted along the following route: American Fork Main Street to State Street to 2000 West to Pleasant Grove Blvd. and from there, back onto I-15. The 500 East bridge over I-15 will also be closed during this time. Motorists can use 100 East or 300 West in American Fork or Pleasant Grove Boulevard for north-south access.
